

FOX RACING SHOX CHRIS BURANDT BACKCOUNTRY EDITION UPGRADE KIT

DEVELOPED LAST
SEASON FOR THE
ARCTIC CAT M-SERIES
WITH EXTENSIVE TESTING
WITH CHRIS BURANDT, THIS
REAR TRACK UPGRADE KIT
WORKS ON ALL M-SERIES
WITH STOCK REAR SKID

The Result

The Chris Burandt Backcountry Kit will turn your Arctic Cat M-Series sled into a mogul soaking, trail taming machine. In addition to the added plush feel on the trail, our special valving will help get your sled on top of the snow with its improved weight transfer characteristics.

What You Get

Complete rebuild kits for both shocks utilizing the latest FOX Racing Shox genuine parts and fluids including:

- Max Air Volume Bearing
- Hi-Flow EVOL Style Race Damping Pistons
- Improved Valving Specs
